

**BAS Deodorizer**  
**PET**

**Solid type / 450 g**

**Made in Korea**

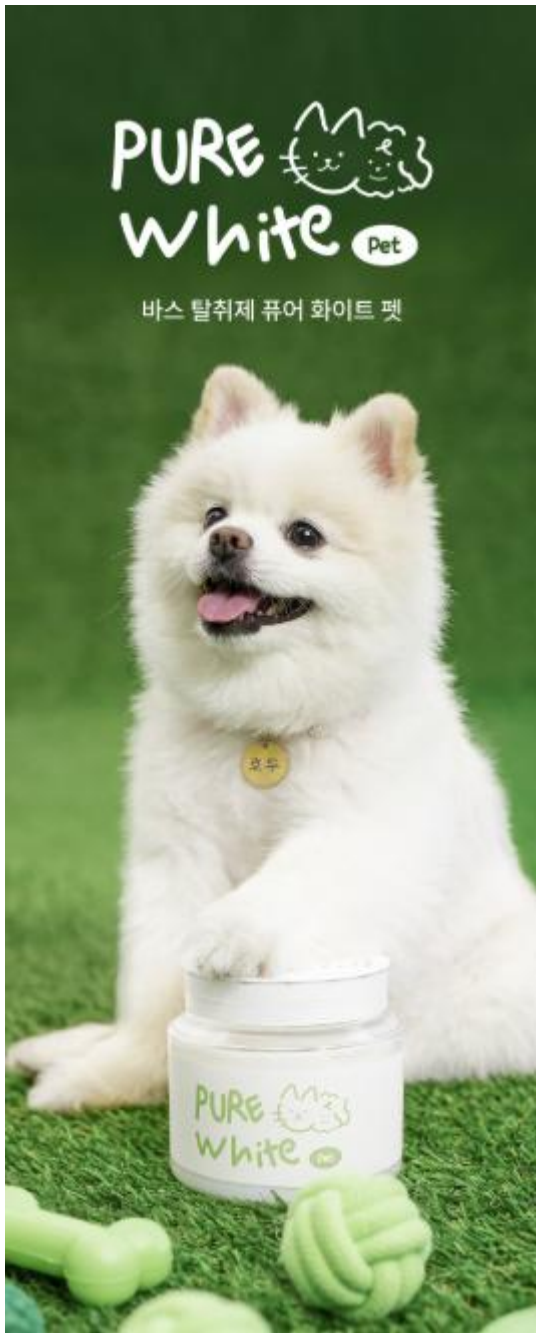

**Forest Wind Scent**

# Easier Than Ventilation

## True Deodorization Solution

Air ventilation is the best way to eliminate odors but it's difficult in spaces shared with pets.

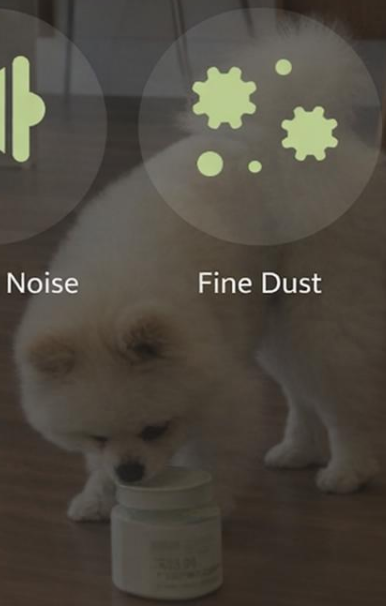

Bad Weather

Outside Noise

Fine Dust

## Are you experiencing this?

Because it's a space where pets live, we feel uneasy using just any product.

Pet waste odors and food smells mix together, making the indoor air feel stuffy and unpleasant.

Strong fragrances in air fresheners are disliked by pets.

Pet waste odors linger all day... even after ventilation, they quickly come back.

## Why is ammonia a problem?

Pets' noses are over **40 times more sensitive** than humans'.

Even a faint smell of ammonia can feel like pain, and long-term exposure may lead to **olfactory fatigue, loss of appetite, and lethargy.**

A genuine odor elimination solution that safely breaks down the source of smells without irritating pets' respiratory systems or senses.

# PURE White

Pet

Forest  
wind scent

Pure  
tablet form

No harmful  
emissions

Generous  
capacity

Double  
safety lid

Gentle  
fragrance

Point 01

## Forest Wind

Natural scent that fills the air like a forest breeze

Unlike artificial fragrances, our scent captures the fresh air of nature. For sensitive pets, we've removed all known harmful substances, leaving only a gentle and pure aroma.

TOP

ROSE, GREEN, LAVENDER

MIDDLE

EUCALYPTUS, PINE, LILAC

BASE

WOODY, MUSK, AMBER

Point 02

## Patent-Pending, Differentiated Solid Odor Control

### SANITARY

Extremely resistant to  
mold and bacteria

### LONG-LASTING

Highly stable and consistent,  
even with environmental  
changes

### DEODORIZING

Absorbs and neutralizes  
odors effectively.

# Safe for sensitive skin and confined spaces!

Allergen-Free | Propyleneglycol-Free

“Propyleneglycol is often used for preservation and moisturizing, but it can cause allergies.”

– Dr. Kim Ho-Doo

Point 03

Part of your everyday life,  
so check ingredients thoroughly!

### Persimmon Extract

Natural odor-  
neutralizing extract

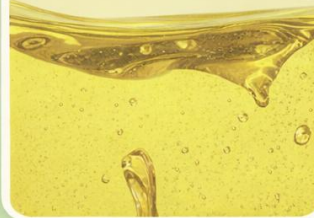

### Glycine

Amino acid with  
skin-calming and protein-  
boosting benefits

### Glycerin

Hydrates and  
helps retain moisture

### Sodium Stearate

Stabilizes solid  
product structures

### Sodium Citrate

Naturally controls acidity  
from fruit and juices

### Citric Acid

Natural fruit-derived acid  
that balances pH

### **Acetoin (Ethanol)**

Non-toxic and neutralizes sugars and bio-ammonia odorous substances

### **Purified Water**

Highly purified water commonly used in cosmetics

### **Hexyl Isocetone**

Eco-certified compound derived from kumquat peel, corn, and pine trees

### **Fragrance**

Ingredient used to delicately scent product

## Safe Enough to be Used in Food

Persimmon Extract

Fermented Ethanol

Fermented ethanol is a safe ingredient widely used in alcoholic beverages, foods, and cosmetics.

## Product Certified for Safety According to Government Standards

Certified for safety as rigorously as common  
chemical products used in daily life.  
Use worry-free.

Point 05

## Large Amount of Odor Eliminator Lasts for a Long Time

1 canister of 450g lasts for approximately  
4 months of continuous odor elimination throughout  
the day.

## Effective Odor Control for 120 Days

Duration may vary depending on  
environment and intensity of odors.

Duration may vary depending on environment and intensity of odors.

\*사용환경이나 냄새의 정도에 따라 달라질 수 있습니다.

Point 06

## Adjustable Cover Developed by BAS

### Smart Lid Design

01

Directly adjust usage amount and intensity

### Economic Usage

02

Opens only when needed, lasts longer and efficiently

### Hygienic Protection

03

Seal prevents entry of foreign substances

Strength is adjustable lid  
Adjust the *strength* as needed.

\* This is not a completely airtight sealing method.  
The lid helps adjust the intensity of deodorization.

Point 07

## Non-spray Type Flea Treatment That Won't Startle Pets

No application by spray needed! Just  
leave it on and done! Lower stress compared  
to a spray form.

Use odor eliminators in spaces concerned with unpleasant smells!

In the bedroom shared with pets

In the bathroom with drain odors

In areas with garbage odors

In the kitchen or living room with persistent odors

# How do you use it?

Recommended for 8-10 pyeong spaces.

## Step.1

Remove the sealing film after opening the lid.

## Step.2

Close the lid back.

## Step.3

Place it in areas with unpleasant odors.

## Usage Precautions

---

- Avoid direct sunlight or high temperatures.
  - Do not store in a car or on plastic/vinyl surfaces as spillage may cause discoloration or deformation.
  - Keep out of reach of children and pets.
  - Ventilate properly when necessary.
  - Traces of liquid from the manufacturing process may remain inside.
  - Do not use (spray) directly on people or pets.
- 

## Emergency Treatment

---

- If product is ingested or causes severe discomfort, administer first aid measures and consult a physician immediately.
  - If skin irritation or red spots appear, seek medical attention.
